

# The Furry Fellas Difference

**-All Experienced Professionals;** All our sitters/walkers have prior professional experience working or volunteering with animals.

**-Pet CPR/First Aid Certified;** Our staff has been trained to recognize emergency symptoms and to handle emergency situations

**-Fellow Pet Parents;** We understand the need for reliable and responsible care givers. We are pet parents ourselves and will treat your companions as one of our own!

**-Insured & Bonded;** All staff members are Insured & Bonded through the company

**-Overlapping Coverage in our Service Areas (Back Up Sitters);** Unlike most pet sitting services, we offer back up sitters so in the event that there is ever an emergency with your sitter during your vacation, we guarantee that your furry kids will still be cared for. We will send in one of our experienced back up sitters and make all the arrangements so that you can enjoy your vacation. This is important because most pet sitting companies are solo providers. In the event of an emergency with them, it would be left up to you to scramble to find coverage while you are miles away -out of state or even out of country!

We always have a back up plan in place so that you can go away with **Peace of Mind!**

**-Thorough Background Checks;** All staff members undergo very thorough screening -criminal check, past employment verification, reference check and pre-employment testing. We want nothing but the best for our valued clients and their beloved furry and feathered children!

**-Voted in the TOP 3 Companies 8 years in a row;** We have been voted in the TOP 3 pet care companies 8 years in a row by Animal Print Readers in RI & MA. In Both Pet Sitting/Dog Walking as well as for our In-Home Cage Free Dog Boarding Services

**-Check ins and Updates Available** -Check in with your sitter as often as you like! Or, request to have your sitter contact you periodically with text or email updates to ease your mind during your travels
