In order for dogs to be allowed free access to our home there are certain restrictions.

All dogs must be; up to date on vaccines (rabies, distemper combo & bordetella), must be friendly & have been socialized with other dogs, have no destructive habits (chewing on furniture, etc...) and be house-trained.

Please answer the following questions:

1. Does your dog have free run of your house or is (s) he normally crated or kept in a confined area?
2. Does your dog have separation anxiety (destructive behavior, howling, chewing or barking when left alone)?
3. Does your dog scratch at the door to come in to the house when let outside?
4. Does your dog chew woodwork, cloth, towels, or other non-dog specific items?
5. Does your dog try to run out the door when entering or leaving the house or is (s) he an "escape artist"?
6. When put out in a fenced in area does you dog try to dig his/her way out?
7. Is your dog house-trained and/or crate-trained?

Vaccine History:

Vaccine history is required for all doggie sleepovers. All dogs will be coming in contact with other dogs and are required to be vaccinated against rabies, distemper & bordetella at least 3 days prior to doggie sleepover. We will need a copy of the vaccination records. We also require proof of a negative stool sample Note: proof of monthly heartworm preventatives that contain a de-wormer (such as Sentinel, Interceptor, Heartguard or Revolution) can be used in place of proof of a negative stool sample.
